Changes for the 2010 Show

1. Each Pleasure Division (except the Junior Division) offers six classes: Turnout, Reinsmanship, Working, Pick Your Route, Your Route/My Route and the Metamora Cross Country Pace.
2. The Junior Division consists of the following classes: Turnout, Reinsmanship, Working, Pick Your Route and Metamora Costume Class.
3. The Marathon Vehicle Division including the Grand Champion Class requires a marathon vehicle, attire etc. See detailed specifications under Metamora Class Descriptions.
4. The Pair/Tandem Division is for either horse or pony. The VSE Division is for either single or pair.
5. As per ADS 2010 Rulebook: Small ponies are 39 inches up to and including 12.2 hands. Large ponies are over 12.2 hands up to and including 14.2 hands.
6. The Metamora Cross-Country Pace follows obstacles class Article 60 in the ADS Rulebook except that the placings will be based on course faults and an ideal time over a 1 to 2 km course. See class description for full details.
7. Friday is the Metamora Combined Challenge day. Divisions are for Single Horse, Single Pony, Single/Pair VSE and Pair Horse/Pony. Marathon vehicles are allowed in any division on Friday.
8. Classes offered in the Challenge are: three levels of dressage (Training, Preliminary and Intermediate) and one Time Competition class. A Friday entry is eligible for their Division's Metamora Combined Challenge Award based on their best dressage placing and their placing in the Timed Competition class.
9. Trailer in competitors are allowed. All equines must be trailered in on a daily basis. Equines are not to remain overnight without a stall. Trailer-in fee is \$50 for the entire event.
10. Please be advised that the State of Michigan in February 2010 revised its equine importation regulations. Competitors requesting an Interstate Health Certificate should discuss compliance with their veterinarian.

Metamora Combined Challenge

Program for Friday

1. Friday's divisions are Single Horse, Single Pony, Single/Pair VSE and Pair Horse/Pony.
2. There is a drivers' meeting at 8:00am Friday.
3. Assigned times for dressage classes will be posted Thursday. Drivers should proceed to the timed competition class immediately following their first dressage class.
4. Vehicles must be available for wheel measurement no later than one hour before the entry's first dressage class.
5. There are 3 levels of dressage: Training #2, Preliminary #2 and Intermediate #4. A driver may enter two consecutive levels but only one placing (the best) will count toward the point total.
6. The Obstacle class will be a pleasure time competition class and will count toward the point total. It will be held outside the arena and therefore junior drivers under 11 are not permitted. The course may be driven only once.
7. The two placings have equal weight and the highest point total will determine the Challenge winner in each division. Dressage placing breaks ties. See section on Class and Division Awards for point detail.
8. Each entry consists of driver, horse, and vehicle; the entry must be the same for all of Friday's classes but can differ from what is driven on Saturday and Sunday. Marathon vehicles are permitted in any Friday class and drivers should dress on Friday as for dressage and cones in a CDE.
9. Drivers are encouraged to enter 3 classes but are not required to do so.
10. No classes on Friday count toward the Pleasure Division Championships.
11. Six ribbons for each class as well as the four division Combined Challenge awards will be presented at the Friday evening cookout.

Obstacles - Time Competition Class Description

1. To be driven over a prescribed course of obstacles. The number of obstacles to be proportionate to the dimensions of the driving area. For this show not to exceed 20 obstacles.
2. The cone settings (plus wheel measurement) are: Single/Pair VSE 12 inches (30cm), Single Horse and Single Pony 14 inches (35cm), and Pair Horse/Pony 16 inches (40cm).
3. After passing the starting line, the driver shall proceed through each obstacle in order to the designated finish line.
4. Course faults are assessed as penalty seconds, and are added to the driver's elapsed time. Placings are determined on a low total time basis. Ties for first will be decided by a drive-off.
